

Cut

Medium Duty

## Cost effective solution for medium weight applications requiring cut and abrasion resistance in dry or slightly oily environments

- Made of a seamless liner, palm dipped into micro-foam nitrile coating.
- The micro-foam nitrile coating provides excellent tactile sensitivity and dexterity vs. foam nitrile coating.
- The micro-foam nitrile coating provides a good grip and excellent abrasion resistance, compatible with slight oil.
- Very comfortable to wear, the breathable coating keeps hands cool and dry.

#### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Oil and gas

#### Applications

- Handling slightly oily metal parts and sheets
- Assembling metal parts and components
- General maintenance

#### Key Features

- Outstanding grip and durability.
- Excellent comfort and dexterity.
- Minimal palm thickness and thinner than most comparable NBR coated gloves.
- In compliance with the standards EN420 (General requirements) and EN388 (Mechanical hazards).
- Breathable coating and liner that allow very high level of comfort for end users.
- Applicable in dry and slightly oily environments.

#### Performance Standards & Regulatory Compliance

##### REACH Compliant
